Item 13 – Decision to establish a warrants-based incentive program for key persons

The Board of Directors proposes that the Meeting resolves to establish a warrants-based incentive program for key persons in the Group in which the Company constitutes the Parent Company ("**the Group**") by (1) resolving the issue of warrants of series 2020/2023: 1 to the Company's wholly owned subsidiary Goldcup 25353 AB, org . No. 559244-0241, ("**the Subsidiary**"), and (2) a decision approving the transfer of warrants of series 2020/2023: 1 from the Subsidiary to key persons in the Group, as below.

Background and motivation

The Board considers it important that key people within the Company are given the opportunity to receive remuneration that is related to and dependent on the value growth they contribute to creating. The Board of Directors believes that it is to the advantage of the Company and the shareholders that in this way the key persons are given a personal ownership commitment.

In light of the conditions, the size of the allotment and other circumstances, the Board of Directors considers that the proposed warrants program, as follows, is reasonable and advantageous for the Company and its shareholders.

1. Issue of warrants

The Board of Directors proposes that the Meeting resolves on a directed issue of a maximum of 110,000 warrants of series 2020/2023: 1, which means an increase in share capital on full exercise with a maximum of SEK 11,000. Otherwise, the following conditions shall apply to the decision.

- 1.1 The right to subscribe for the warrants shall, with deviation from the shareholders' preferential rights, be granted to the Subsidiary with the right and obligation to transfer the warrants to key persons in the Company, as set out in the proposal under paragraph 2 below. The subsidiary shall not have the right to dispose of the warrants other than as stated in the proposal under paragraph 2 below. Overwriting cannot be done.
- 1.2 The reason for the deviation from the shareholders' preferential rights is that the warrants should be used within the framework of the warrants program.
- 1.3 The warrants shall be issued free of charge to the Subsidiary.
- 1.4 Subscription of the warrants shall take place within two weeks of the date of the issue decision. The Board has the right to extend the subscription period.
- 1.5 Each (1) warrants entitles to subscribe for one (1) share in the Company. The subscription of shares under the warrants can take place during the period from 1 July 2023 to 30 September 2023.
- 1.6 The subscription price shall be fixed at an amount corresponding to 130 percent of the average volume-weighted payment price for the Company's shares on Nasdaq First North Growth Market during the period 10 trading days from May 14, 2020 onwards.
- 1.7 The shares subscribed for under the warrants shall entail the right to a dividend for the first time on the first record date for the dividend that occurs after the subscription of shares through the exercise of the warrants.
- 1.8 Warrants held by the Subsidiary and not transferred pursuant to paragraph 2 below or repurchased from the Participants may be canceled by the Company upon decision of the Board of Directors of the Company with the consent of the Board of Directors of the Subsidiary. Cancellation must be reported to the Swedish Companies Registration Office for registration.
- 1.9 The full terms of the warrants are set out in the Board's complete proposal.

2. Approval of transfer of warrants

The Board of Directors proposes that the Meeting resolves to approve that the Subsidiary, within the framework of the warrants program, assigns a maximum of 110,000 warrants of the 2020/2023 series: 1 to key persons in the Company under the following conditions:

- 2.1 The right to acquire warrants shall be added to employees of the Company who have entered into a house-keeping agreement with the Company. Allotment of warrants is made by the Board in accordance with the principles established by the Meeting. The warrants program will include at most the following number of warrants for the various categories of participants ("**the Participants**"):

Category	Maximum number of options
Senior executives (1 person)	10 000 warrants each
Other key persons (10 persons)	10 000 warrants each

Overwriting cannot be done. The right to acquire subscription warrants from the Subsidiary shall only apply to those persons who at the end of the registration period have not resigned or have been terminated.

Options should also be offered to future new employees. For such acquisitions, the terms and conditions shall be the same or equivalent to what is specified in this decision. This means that acquisitions should be made at the current market value.

Transfer to the Participants presupposes that acquisition of the warrants can legally take place and that, according to the Board's assessment, it can be made for reasonable administrative and financial efforts.

- 2.2 The notification of acquisition of warrants shall be made during the period from May 29, 2020 to June 31, 2020. However, the Board of Directors shall have the right to extend the time for notification of acquisitions and to specify a corresponding notification period for new employees whose acquisition occurs after the end of the initial registration period. The company's Board of Directors decides on the final allocation.

- 2.3 The warrants shall be transferred on market terms at a price determined on the basis of a calculated market value for the warrants using the Black & Scholes valuation model. Transfer to new employees after the end of the initial registration period shall also take place on market terms.

Payment for allotted warrants shall be made with cash payment no later than five days after the notification of the acquisition. In the event of a transfer to new employees, the Board shall determine a corresponding payment date.

Otherwise, the options shall be subject to market conditions.

- 2.4 A condition for the granting of warrants is that the Participant has signed a special home agreement with the Company. The home loan agreement means that the Company, or the Company designates, may, under certain conditions, have the right to repurchase a subscription option from Participants. Such repurchase right shall exist if the Participant's employment, contractual relationship or assignment ceases, if the Participant goes bankrupt or if the Participant intends to transfer a subscription option to another. In the event that the Participant dies, the home settlement agreement shall be binding on the estate.

The purchase price for the home-offered warrants shall consist of an amount in money corresponding to the lower of the option prices' purchase price and market value. The market value of the subscription warrant offered shall be determined by a valuation in accordance with the Black & Scholes formula in connection with the making of a home bid.

- 2.5 Warrants repurchased from the Participants may be transferred to new employees within the framework of the warrants program.

Existing incentive programs

At the time of this proposal, there are three outstanding share-related incentive programs in the Company

Options A

More information about the Company's other incentive programs can be found in the annual report for the 2019 financial year and on the Company's website, corp.adventurebox.com/en.

Dilution effects and costs etc

Assuming the issue and full allotment of the proposed warrants, the proceeds received will be calculated when the options are transferred, exceeding the costs incurred in the creation of the program.

Allocation and conditions for the warrants

The shareholders propose that the Meeting resolves to issue a maximum of 45,000 warrants of series 2020/2023: 2, which means an increase in the share capital on full exercise with a maximum of SEK 4,500. Otherwise, the following conditions shall apply to the decision.

- a) The right to subscribe for warrants shall, with deviation from the shareholders' preferential rights, be members of the Board. Allotment of warrants is made by the Board in accordance with the principles established by the Meeting. The warrants program will comprise at most the following number of warrants to the following individuals on the Board of Directors ("**the Members**"):

The home agreement means that, under certain conditions, the Company, or the Company designates, is entitled to repurchase the warrants from the Member. Such repurchase right shall exist if the Member's assignment is terminated, if the Member becomes bankrupt or if the Member intends to transfer a warrants to another. In the event that the Member dies, the home agreement shall be binding on the estate.

The purchase price for the home offered warrants shall consist of an amount in money corresponding to the lower of the option rights' purchase price and market value / an amount corresponding to the market value of the home warrants. The market value of the subscription warrant offered shall be determined by a valuation in accordance with the Black & Scholes formula in connection with the making of a home bid.

- i) The full terms of the warrants are set out in the shareholders' complete proposal.
