EYEON GROUP AB (publ): EyeonGroup signs reseller agreement with AEservers regarding B2B

EyeonGroup has signed a reseller agreement with AEservers for the resale of the B2B service.

AEservers is the largest domain registrar and web/cloud hosting provider in the UAE. AEservers has business clients of all sizes, from small companies to large government agencies. AEservers manages and hosts some of the most well-known brands in the UAE. This customer base is of interest to EyeonGroup. This also means that EyeonGroup strengthens its position and presence in the UAE.

EyeonGroup and AEservers have now signed a reseller agreement where both parties will sell EyeonGroup's B2B service to AEservers's business clients. This opens up opportunities for EyeonGroup to reach more potential B2B customers. The agreement is structured under a "revenue share" model where both parties share the revenue.
