

SDS AB utilizes the opportunity to pay a lower interest amount in August 2025.

SDS recently renegotiated its bond loan. As part of this renegotiation, SDS was granted the option to, on four occasions during the bond's term, utilize the opportunity to pay a lower interest amount at a selected interest payment date. As a result, SDS has chosen to pay the reduced amount, equivalent to approximately 60% of the regular interest amount of SEK 5.2 million that become due on August 5, 2025.

This means that SDS will pay 5% interest instead of 9%, and 6% interest will be capitalized and added to the bond. The bond will then be adjusted from SEK 238.6 million to SEK 241.6 million for the remainder of its term.

The postponement of the interest payment is being carried out in accordance with the renegotiated bond terms dated October 17, 2024.
