

Frontwalker AB (publ) and Mysafety AB sign Long-Term Strategic Partnership Agreement

Stockholm, Sweden, 29 April 2026

Frontwalker AB ("Frontwalker") and Mysafety ("Mysafety") today jointly announce that they have entered into a long-term strategic partnership agreement, under which Frontwalker will act as Strategic Software Innovation Partner to Mysafety.

The partnership is designed to support Mysafety's ongoing digital transformation initiatives and enhance its technology platforms, while further strengthening Frontwalker's position as a long term technology partner in the Nordic market.

Under the agreement, Frontwalker will provide on-demand software engineering teams, digital product development, and innovation services, leveraging its expertise in AI, data, and cloud technologies. The collaboration will also utilize Frontwalker's global delivery model, enabling scalable and cost-efficient execution.

"We are pleased to partner with Mysafety and support their continued innovation journey. This collaboration reflects our strategic focus on building long-term, value-driven partnerships in the Nordic region. With our strong global engineering capabilities, including our Sri Lanka delivery hub, we are well positioned to deliver scalable, high-quality, and cost-efficient solutions," says Anette Billing, Group CEO, Frontwalker AB.

"Partnering with Frontwalker enables us to accelerate our technology roadmap with a strong and capable engineering partner. We look forward to enhancing our digital offering together with Frontwalker" says Christian Fricke, VP Business Development & Deputy CEO, Mysafety AB.

The partnership is expected to evolve into a long-term collaboration, contributing to sustainable growth and innovation for both organizations.

About Frontwalker AB (publ)

Frontwalker AB is a Sweden-based, publicly listed technology consulting company driving digital transformation through software engineering, AI, and data-led innovation. With a strong presence in the Nordic region and a global delivery center in Frontwalker Sri Lanka, Frontwalker operates with a team of 175+ professionals supporting clients worldwide.

About Mysafety

Mysafety was founded in 1999 and has since challenged the traditional insurance market through innovative solutions addressing both emerging and established risks. The company is a leading provider in the Nordic region for fraud and identity protection insurance and has been at the forefront of ID protection services since introducing such solutions in 2008.
