Absolent Group

Absolent Group's subsidiary Absolent AB secures important order from European Car Manufacturer

Absolent AB in APAC/China recently won an order worth 10 MSEK from a major European Car Manufacturer.

By establishing a close relationship and working together with the customer, providing solutions to both improve air quality as well as lower running costs and downtime, Absolent AB has succeeded in winning this order.

"The order confirms our success in increased commitment to the Asia-Pacific region and our capabilities to provide large-scale installations in the region. This is also an important part in our strategy to build strong relationships with Key Accounts within the Automotive sector", says Andreas Johansson, President Asia-Pacific, Absolent AB.

The order includes complete filter units for oil mist and oil smoke, with electrical cabinets and installation. The equipment will be delivered and installed during Q4 2018 and Q1 of 2019.
