About Ironroad

Ironroad is the company behind VMS and was fully launched 2010. We are established in ten countries in Europe, North- and South America, Asia and Africa. Ironroad has around 100 employees and offices in Sweden (head office), Norway, Denmark, Germany, Spain, The Netherlands, Canada, India, Indonesia and The Philippines. Our partners and customers are several global mobile operators and media companies as Tele2, 3, Hutchingson, TeliaSonera and Telkomsel.

VMS is the continuation of SMS and MMS, a simple and cost efficient way to share experiences and communicate through your mobile phone. VMS is downloaded as an app from App Store, Android Market and BlackBerry App World.
