Acenta Group signs agreement for sale and installation of padel courts worth approx. SEK 2.8 million

Acenta Group has signed an agreement for the delivery and installation of panorama courts to England, with a total value of approximately SEK 2.8 million. Payment of half of the order value will be made immediately and the remaining amount will be paid upon delivery and installation in May 2025. England is a prioritised market for Acenta Group and is expected to play an important role in the company's growth going forward. The sale strengthens the company's presence in the English market within court sales and creates business opportunities for the brands Peliga, Sport of Padel (for both the consumer and business market) and Acenta Padel Tour. The sale has been made through the company's English sales agent.

"We are extremely proud of the opportunity to supply panoramic courts to the English market. The order is in line with our growth plans and confirms our long-term commitment to expand in England, strengthening our position in the padel community. We look forward to our products and services contributing to the promotion and development of padel in the region, and with each new padel center in our network, the business opportunities for our other brands - Peliga, Sport of Padel and Acenta Padel Tour - grow." says Håkan Tollefsen, CEO of Acenta Group.
