

AAC Clyde Space wins SEK 9.9 M Sirius order

2024-01-22 AAC Clyde Space AB (publ)

AAC Clyde Space has secured an order valued at EUR 0.9 million (approx. SEK 9.9 million) for its Sirius range of computers and services. The order is planned for delivery during the fourth quarter of 2024.

"The order reaffirms our customers' trust in the Sirius product line, which is known for its highly capable, reliable and accessible onboard computers. The Sirius range has become a go-to solution in the satellite market, streamlining the design, development and manufacturing processes," stated **AAC Clyde Space CEO Luis Gomes**.

The client, a repeat customer for the Group, has opted to remain unnamed.
