## **Eevia Health Plc receives a 2,3 MSEK/0,23 MEUR sales order for organic bilberry extract**

**Eevia Health Plc, ("Eevia" or "The Company"), has received a sales order from its Australian distributor Ingredients Plus. Ingredients Plus serves leading nutraceutical brands in Oceania and Asia with high-quality ingredients. The end customer is a major natural health company based out of Sydney, Australia selling its products across Asia and Oceania.**

The sales value of this order is c. 223 000 EUR, and the product is **Feno-Myrtilus®** bilberry extract standardized with 36% anthocyanins. The order is in line with expectations for repeat sales of this product going forward.

The **Feno-Myrtilus®** powder is extracted from arctic bilberries and has a high concentration of anthocyanins, a polyphenol with great benefits to human health.

## INFORMATION ABOUT EEVIA HEALTH PLC

Eevia Health Plc, founded in March 2017, addresses significant health problems with bioactive compounds extracted from plant materials. The materials are primarily wild harvested from the pristine Finnish and Swedish forests near or above the Arctic Circle. The extracts are sold B2B as ingredients to dietary supplements and food brands globally. These global brands utilize the ingredients in their consumer product formulas.

Eevia Health is a manufacturer of 100% organically certified plant extracts. Although a significant product, Elderberry extract, is made from cultivated berries, most of Eevia's other raw materials, such as bilberry, lingonberry, chaga-mushroom, and pine bark, are wild-harvested in a sustainable fashion.

Eevia Health operates a modern green-chemistry production facility in Finland. Manufacturing natural ingredients near the raw material harvest areas, Eevia offers a short value chain with an environmentally friendly carbon footprint, competitive pricing, and extreme transparency. Eevia listed its shares at Spotlight Stock Market in Sweden in June 2021, with the short name [EEVIA](#).
