

SDS wins order worth SEK 3.0 million from an existing customer in Sudan

Seamless Distribution Systems (SDS) has received a strategic order worth SEK 3.0 million from an existing customer in Sudan for SDS's Voucher Management System (VMS). The order consists of a license revenue of SEK 2.0 million and includes three years of support worth approximately SEK 1.0 million.

The Voucher Management System (VMS) is a solution that is designed to manage the entire recharge coupon lifecycle from product management, PIN generation, reseller distribution, and finally redemption.

The leading operator in Sudan, one of the most advanced markets in the Africa, required a platform that could take their business to the next level, enabling them to increase sales and differentiate themselves through state-of-the-art sales and distribution, down to every point of sale (POS). SDS's operational capabilities, technology platform, ability to meet the customer's demanding business needs, and proven experience in helping operators drive growth were the deciding factors in why the operator chose SDS as a supplier.

"It is very gratifying that our existing customers renew their confidence in our ability to help them drive efficiency and revenue growth through our state-of-the-art voucher management system. This order confirms and strengthens our goal of delivering a substantial profit improvement in 2026.", says Martin Schedin, CEO of SDS.

About SDS

SDS is a Swedish international software company specializing in mobile payment services for mobile operators, distributors, retailers and consumers. SDS ensures that telecom operators can sell voice time, data and ancillary services, while SDS products and services handle up to 90% of telecom operators' sales. Today, SDS has implemented solutions in

Fintech, advanced analytics and retail value management, and these products have evolved into so-called SaaS solutions for the telecom operator.

SDS has approximately 185 employees in Sweden, South Africa, Algeria, Ghana, Nigeria, the United Arab Emirates, Pakistan and India. SDS handles more than 15 billion transactions worth over \$14 billion annually. Through over 3 million active digital product retailers per month, more than 1,100 million consumers are served indirectly globally.

SDS's share is listed on NGM Growth Market.
