Eevia Health Plc receives a 140 KSEK / 12 KEUR sales order for a Chaga extract product

Eevia Health Plc ("Eevia" or "The Company") has received a 12 KEUR sales order for a Chaga extract from its US distributor Barrington Nutritionals.

Barrington is headquartered in Harrison, NY, and its diverse product portfolio serves the nutraceutical, pharmaceutical, and functional food industries in North America.

The end customer is a large vitamin and supplement brand with a distinct brand profile within organically certified health products with a presence across North America.

The sales value of this order is c. 12 000 EUR, and the product is one chaga extract variant which is standardized on beta-glucans and polyphenols. The order is in line with expectations for repeat sales of this product.

INFORMATION ABOUT EEVIA HEALTH PLC

Eevia Health Plc, founded in March 2017, addresses significant health problems with bioactive compounds extracted from plant materials. The materials are primarily wild harvested from the pristine Finnish and Swedish forests near or above the Arctic Circle. The extracts are sold B2B as ingredients in dietary supplements and food brands globally. These global brands utilize the ingredients in their consumer product formulas.

Eevia Health is a manufacturer of 100% organically certified plant extracts. Although a significant product, Elderberry extract, is made from cultivated berries, most of Eevia's other raw materials, such as bilberry, lingonberry, chaga-mushroom, and pine bark, are wild-harvested in a sustainable fashion.

Eevia Health operates a modern green-chemistry production facility in Finland. Manufacturing natural ingredients near the raw material harvest areas, Eevia offers a short value chain with an environmentally friendly carbon footprint, competitive pricing, and extreme transparency. Eevia listed its shares at Spotlight Stock Market in Sweden in June 2021, with the short name (ticker) [EEVIA](#).
