## **SDS receives new orders worth SEK 1.3 million**

**SDS has received two orders, for a total value of SEK 1.3 million, from an existing customer who is one of the leading mobile operators in the Bahamas. The orders are for software features that add new capacity to the existing operational critical platform. Delivery can be carried out by SDS remotely.**

*"It is very gratifying that our customers see opportunities to differentiate themselves in their markets with our products. At the same time, they see SDS as a trusted partner who can help them, even in difficult times, with fast and reliable solutions. I am particularly proud of our efforts to standardize our products, and our operational processes prove to be of great value for their ability to deliver quickly and without having to travel," says Tommy Eriksson, CEO of SDS.*

The new orders include software and services to add new functionality and capacity to existing platforms and are expected to contribute to revenue during the second quarter of this year. This new functionality allows operators to differentiate their offerings in their markets and allows their distributors and retailers to offer faster and better services to their mobile subscribers.

The orders are further proof of confidence in SDS' operational capacity and its ability to quickly provide support for the demanding business environment of its customers.

### **About Seamless Distribution Systems AB (SDS)**

SDS is a Swedish software company group that provides solutions and services for digital sales and distribution to private consumers through mobile operators in emerging countries. The company offers its corporate customers a comprehensive solution for digital distribution and electronic transactions processing. SDS acquired eServGlobal in July 2019. The SDS Group now has customers in all parts of the world, with a footprint in more than 50 countries, reaching over 500 million mobile users through more than 2,000,000 active point-of-sales. SDS has approximately 220 employees in Sweden, France, Romania, Belgium, Ghana, Nigeria, USA, Pakistan, India, Indonesia, South Africa, Ecuador and the United Arab Emirates. With over 30 years of experience, SDS focuses on high-level customer satisfaction and efficient operations. SDS manages over 15 billion transactions annually, worth more than 14 billion US Dollars and enables the growing population of emerging countries to become part of the mobile revolution.
