

For immediate release

Seinäjoki, Finland, 18.11.2024

Evia revises date for release of Interim report Q3-2024

Evia Health Plc ("Evia" or "The Company") will publish its Interim report for the third quarter on November 29 due to the onboarding of a new Board and one large unforeseen urgent project that appeared a week ago.

Evia shareholders elected a new Board on November 4. The Board has met once for a constitutional meeting and will meet again on November 20. However, as the board members, including the Chairman, are still being inducted into the Company, the Company wants to give the Board more time to review the status and the Interim Report.

In addition, the Company has been approached for a large, urgent project that will take up a significant part of the upcoming Board meeting. As such, this alone merits a later release of the third quarter report.

Evia has therefore decided to postpone the Interim Report for Q3-24 to November 29, 2024.

INFORMATION ABOUT EEVIA HEALTH PLC

Eevia Health Plc, founded in March 2017, addresses significant health problems with bioactive compounds extracted from plant materials. The materials are primarily wild harvested from the pristine Finnish and Swedish forests near or above the Arctic Circle. The extracts are sold B2B as ingredients to dietary supplements and food brands globally, and these global brands utilize the ingredients in their consumer product formulas.

Eevia Health is a manufacturer of 100% organically certified plant extracts. Although a significant product, Elderberry extract, is made from cultivated berries, most of Eevia's other raw materials, such as Bilberry, lingonberry, Chaga mushroom, and pine bark, are wild-harvested sustainably.

Eevia Health operates a modern green-chemistry production facility in Finland. Manufacturing natural ingredients near the raw material harvest areas, Eevia offers a short value chain with an environmentally friendly carbon footprint, competitive pricing, and extreme transparency. In June 2021, Eevia listed its shares on the Spotlight Stock Market in Sweden under the short name (ticker) [EEVIA](#).
