## **SDS receives an order worth SEK 3.6 million from an existing customer in Djibouti**

**Seamless Distribution Systems (SDS) has received an order worth 3.6 million SEK from an existing customer in Djibouti. The deal concerns the commissioning of SDS's flagship product ERS 360 °, which will replace the customer's existing solution and facilitate the digitization of the customer's sales and distribution channel.**

*"It is very gratifying when our existing customers continue to strengthen their offering by using more products from SDS product suite Retail Value Management (RVM. The operator in Djibouti now gets the latest version of our flagship product ERS 360 ° which is completely built on microservices technology which will give the operator a competitive advantage and a future proof investment."* says Mats Victorin, CEO of SDS Group.

The operator in Djibouti required a platform that could take their business to the next level. SDS's technology platform's operational capacity and ability to meet the customer's demanding business needs make ERS 360 ° an ideal solution for this customer.

Delivery of this order will begin during the second quarter of 2022, which is also when the revenue from the order is expected to be realized.
