SDS receives a new order worth SEK 4.2 million

SDS has received an initial order, with a total value of SEK 4.2 million, from an existing customer who is one of the leading mobile operators in Oman. The order is for a development team hired by the customer for a fixed period to develop software features that add new capabilities to the existing operational critical platform.

"It is very gratifying that our customers see SDS as a trusted partner that can help them deliver a development team that can very efficiently deliver fast and reliable solutions. I am particularly proud of our efforts to standardize our products, and our operational processes are proving to be of great value to the ability to deliver quickly," says Martin Schedin, CEO of SDS.

The offering include a development team dedicated to work for the customer to develop software and services to add new functionality and capabilities to existing platforms.

The revenue will be taken continuously as long as the team works for the customer.
