About KlaraBo

KlaraBo is a real estate company that acquires, builds, owns and manages attractive residential properties. The company was founded in 2017 and operates throughout the country. The strategy is to acquire existing residential properties as well as land for new construction in regions with population growth and a strong labour market. Our newly constructed apartments are developed in-house and space efficient, which contribute to reasonable rents. Both apartments and buildings are designed in collaboration with the municipality to fit local needs. With wood as the main building material, the new construction holds a high environmental standard. KlaraBo is a long-term property owner.
