About Free2move Holding AB

Free2move Holding is a leading innovator in advanced wireless communications products and solutions. We provide easy-to-implement, robust, and high quality wireless performance.

We help our customers solve critical problems and explore new opportunities to improve their operations. Our solutions help business to operate more efficiently, cut costs, eliminate downtime, decrease time-to-market, and safeguard people and assets.

Our products are marketed across the world under two brands:

- Free2move: Wireless communication Bluetooth modules and boards for data and audio communication.
- SensMaster: Enclosed products for wireless sensor networks and RFID applications for industries such as manufacturing, environmental monitoring and asset tracking.
