

AAC Clyde Space wins SEK 5.8 M Starbuck order

2024-10-02 AAC Clyde Space AB (publ)

AAC Clyde Space has won a EUR 0.5 M (approx. SEK 5.8 M) order for a Starbuck power system and related services. AAC Clyde Space expects to have completed delivery of the order in the third quarter of 2025.

“Our Starbuck power systems have become a standard for small satellites, illustrating the strength of our strategy to standardize components for this category of satellites. It enables both us and our clients a robust and efficient process when selecting key components for different missions,” says **AAC Clyde Space CEO Luis Gomes**.

The client, a repeat customer for the Group, has opted to remain unnamed.
