**Acenta Group AB (“Acenta Group” or the “Company”) today announces that it has received an expanded order valued at approximately SEK 2.5 million from an existing customer in Northern Ireland – Belfast International Watersports Limited t/a Let’s Go Hydro (“Let’s Go Hydro”). The order, which will be delivered and invoiced progressively during the second half of 2025, includes additional padel courts and installation services, further strengthening the long-term collaboration between the parties.**

Let’s Go Hydro, a leading operator in the region’s sports and recreation sector, has already purchased more than 30 courts from Acenta to date. The company is currently undergoing significant expansion, with further installations planned throughout the remainder of 2025 and into 2026.

The renewed commitment confirms Acenta Group’s position as a key infrastructure partner for high-growth operators in the European padel market. In addition to courts and installation services, the extended collaboration creates new opportunities for Acenta to provide other elements of its service and product portfolio, supporting the full development of integrated padel destinations.

*“This is a clear demonstration of how we build long-term value with our customers. Let’s Go Hydro has been a visionary partner from the beginning, and their continued trust confirms the strength of both our product and our team. We look forward to supporting their ambitious rollout plan and exploring new ways to add value beyond courts and installation,”* says Håkan Tollefsen, CEO of Acenta Group.
