

Xintela applies for tissue establishment license

Lund, Sweden, 28 October 2020 - Xintela announces today that the company has submitted an application to the Medical Products Agency for a tissue establishment license for handling tissues and cells for manufacturing of medicinal products.

In order to be allowed to conduct activities that handle human tissues and cells for the manufacture of medicinal products, a tissue establishment license is required. It is issued by the Medical Products Agency, which carries out an inspection before a license can be granted. The inspection is performed to ensure that Xintela meets the requirements for good quality and safety and that the regulations in the relevant areas are followed.

About Xintela

Xintela is an Advanced Therapy company developing regenerative cell therapies and targeted cancer therapies based on the patented marker technology platform XINMARK®. The platform is built on specific cell surface proteins (integrins) and more than 25 years of research and development. Xintela uses the marker technology to isolate and quality assure stem cells for the treatment of musculoskeletal diseases including osteoarthritis (OA). Studies on horses with OA have demonstrated that the stem cells are safe and that they have a positive effect on cartilage and bone. Xintela has established an in-house GMP-facility for manufacturing of stem cells and is preparing a First in Human clinical study on patients with knee OA. In the oncology program, Xintela develops antibody-based therapies for treatment of aggressive tumors including glioblastoma and triple-negative breast cancer. Xintela is listed on Nasdaq First North Growth Market Stockholm since 22 March 2016. Xintela's Certified Adviser at Nasdaq First North Growth Market is Erik Penser Bank AB, +46 8-463 80 00, certifiedadviser@penser.se.
