Resolutions proposed by the board of directors

Background to the proposed resolution under item 7

To ensure delivery of the shares constituting the consideration for the contemplated acquisition of Forum Estates Holding BV, a Benelux based owner and manager of grocery and daily goods properties (the "**Transaction**"), as announced by press release on 18 December 2024, the board of directors proposes that the extraordinary general meeting resolves to authorize the board of directors to resolve upon issuances to be paid in kind in connection with the Transaction in accordance with item 7 below. The Transaction is expected to close during the first quarter of 2025. For more information on the Transaction, please refer to Cibus' announcement of the Transaction on 18 December 2024.

Item 7 – Resolution to grant the board of directors the authority to resolve on new share issues by contribution in kind

The board of directors proposes that the extraordinary general meeting resolves to authorize the board of directors to, during the period until the next annual general meeting, in connection with the Transaction, resolve on new share issues, on one or several occasions, with deviation from the shareholders' preferential rights. The total number of shares that may be issued under the authorization may not exceed 25 percent of the total number of outstanding shares in the Company at the date of the extraordinary general meeting. The share issues must be made by contribution in kind.

The purpose of the authorization is to enable, full or partial, payment of consideration in connection with the Transaction.

The board of directors, or a party designated by the board, has the right to decide on minor changes to the general meeting's resolution that may be necessary in connection with registration of the resolution with the Swedish Companies Registration Office or due to other formal requirements.

Item 8 – Resolution to grant the board of directors the authority to resolve on new share issues, either applying or disapplying shareholders' preferential rights

The board of directors proposes that the extraordinary general meeting resolves to authorize the board of directors, on one or several occasions, during the period until the next annual general meeting, to decide on new issues of shares, warrants and/or convertible bonds, with or without deviation from the shareholders' preferential rights. Furthermore, the proposal provides that the issue may be made against payment in cash, by set-off or in kind, or subject to other conditions. The total number of shares that may be issued, or accrue through the exercise of warrants or the conversion convertible bonds, under the authorization may not exceed ten percent of the total number of outstanding shares in the Company at the time of the extraordinary general meeting.

The purpose of the authorization, and the reason for any deviation from the shareholders' preferential rights, is to be able to continuously adjust the Company's capital structure and thereby contribute to increased shareholder value and to enable the Company to finance, wholly or partly, any future acquisitions by issuing shares, warrants and/or convertible bonds as payment in connection with agreements on acquisitions or to raise capital for such acquisitions.

The board of directors, or a party designated by the board, has the right to decide on minor changes to the general meeting's resolution that may be necessary in connection with registration of the resolution with the Swedish Companies Registration Office or due to other formal requirements.

Item 9 – Resolution on the adjustment of the annual general meeting's resolution on distribution of profits

Subject to the extraordinary general meeting's approval of the board of directors' proposals regarding authorization to issue new shares under item 7 and item 8, respectively, on the agenda, the board of directors proposes that the extraordinary general meeting resolves to adjust the resolution by the annual general meeting 2024 regarding distribution of profits (item 9.b on the agenda of the annual general meeting) so that the total dividend – as a result of the annual general meeting's resolution on a dividend of EUR 0.90 per share distributed over twelve instalments on a monthly basis (as of the date of the extraordinary general meeting, three dividend instalments of EUR 0.07 per share, EUR 0.08 per share and EUR 0.08 per share, respectively, remain in accordance with the annual general meeting's resolution) and the total issuance of up to 35 percent of the total number of outstanding shares in the Company at the date of the extraordinary general meeting in accordance with the authorizations to issue new shares according to item 7 and item 8 on the agenda – may amount to a maximum of EUR 59,224,106.40.

The first possible payment of dividends on the shares that may be issued by virtue of the authorizations to issue new shares, according to item 7 and item 8 on the agenda, is after the tenth record date (i.e., after 28 January 2025) according to the annual general meeting's resolution, provided that such new shares have been registered with the Swedish Companies Registration Office and recorded in the share register maintained by Euroclear Sweden AB. As a result, the total dividend (assuming that the proposed authorizations according to item 7 and item 8 on the agenda are fully utilized, and that the new shares have been registered with the Swedish Companies Registration Office and recorded in the share register maintained by Euroclear Sweden AB before the tenth record date on 28 January 2025) may amount to a maximum of EUR 59,224,106.40.

In the event that one of the authorizations to issue new shares, as outlined in item 7 and item 8 on the agenda, is not approved by the extraordinary general meeting, the maximum dividend amount as proposed above will be adjusted downwards accordingly.

Based on the latest adopted balance sheet and taking into account thereafter resolved distributions, an available amount of EUR 442,988,676, in accordance with Chapter 17, Section 3 of the Swedish Companies Act, remains.

Majority rules

A resolution in accordance with the board of directors' proposal under item 8 on the agenda is valid only when supported by shareholders representing at least two thirds (2/3) of both the votes cast and the shares represented at the general meeting.

Documents for the general meeting that must be available in accordance with the Swedish Companies Act will be kept available on the Company's website, www.cibusnordic.com, and at the Company's premises no later than on Tuesday, 24 December 2024.
