CORRECTION

Eevia Health Plc receives a 150 KSEK / 13 KEUR sales order for a Bilberry extract product

Due to a misjudgement, the MAR label was added to the original press release. The press release did not contain any insider information or other reason for the MAR label. This press release is a correction without the MAR label.

Eevia Health Plc ("Eevia" or "The Company") has received a 13 KEUR sales order for Bilberry extract from its customer in South-Korea.

The direct customer is a prominent South-Korean trading company headquartered in Seoul with a marketing reach across the Asian continent.

The sales value to Eevia of this new order is c. 13 500 EUR. The product is a Bilberry extract standardized for anthocyanins. The order is expected to be followed by further repeat orders in the future.

INFORMATION ABOUT EEVIA HEALTH PLC

Eevia Health Plc, founded in March 2017, addresses significant health problems with bioactive compounds extracted from plant materials. The materials are primarily wild harvested from the pristine Finnish and Swedish forests near or above the Arctic Circle. The extracts are sold B2B as ingredients in dietary supplements and food brands globally. These global brands utilize the ingredients in their consumer product formulas.

Eevia Health is a manufacturer of 100% organically certified plant extracts. Although a significant product, Elderberry extract, is made from cultivated berries, most of Eevia's other raw materials, such as bilberry, lingonberry, chaga-mushroom, and pine bark, are wild-harvested in a sustainable fashion.

Eevia Health operates a modern green-chemistry production facility in Finland. Manufacturing natural ingredients near the raw material harvest areas, Eevia offers a short value chain with an environmentally friendly carbon footprint, competitive pricing, and extreme transparency. Eevia listed its shares at Spotlight Stock Market in Sweden in June 2021, with the short name (ticker) [EEVIA](#).
