## INFORMATION ABOUT EEVIA HEALTH PLC

Eevia Health Plc, founded in March 2017, addresses significant health problems with bioactive compounds extracted from plant materials. The materials are primarily wild harvested from the pristine Finnish and Swedish forests near or above the Arctic Circle. The extracts are sold B2B as ingredients to dietary supplements and food brands globally, and these global brands utilize the ingredients in their consumer product formulas.

Eevia Health manufactures 100% organically certified plant extracts. Our commitment to sustainable and organic manufacturing practices, such as wild harvesting our raw materials and operating a modern green chemistry production facility, ensures the highest quality products for our customers.

Eevia Health operates a modern green-chemistry production facility in Finland. Manufacturing natural ingredients near the raw material harvest areas, Eevia offers a short value chain with an environmentally friendly carbon footprint, competitive pricing, and extreme transparency. In June 2021, Eevia listed its shares on the Spotlight Stock Market in Sweden under the short name [EEVIA](#).
