Minesto medverkar i Spotifys *Climate Action Studios* podd

Minesto och färöiska elbolaget SEV medverkar tillsammans i senaste avsnittet av Spotifys originalpodd "Climate Action Studios". Avsnittet lyfter Färöarna som ett exempel på hur Minestos teknologi för tidvattenenergi kan accelerera omställningen mot förnybar energi.

Det senaste avsnittet av Spotifys Climate Action Studios, "Live from COP27 – the power of the sea" introduceras på ett spännande sätt för lyssnarna:

"Wind, solar and now tidal streams and ocean currents? The renewable energy space is rapidly developing and innovating and now you can learn more about the opportunities, and challenges with tidal streams and ocean current energy. It not only has the power to accelerate the energy transition, but also provides small island states, often the most affected by the climate crisis, with an opportunity to be at the forefront of climate action."

Här kan du lyssna på avsnittet av Climate Action Studios på Spotify:

About Minesto

Minesto is a leading marine energy technology company with the mission to minimise the global carbon footprint of the energy industry by enabling commercial power production from the ocean.

Minesto's award winning and patented product, Deep Green, is the only verified marine power plant that operates cost efficiently in areas with low-flow tidal streams and ocean currents.

With more than €40 million of awarded funding from the European Regional Development Fund through the Welsh European Funding Office, European Innovation Council and InnoEnergy, Minesto is the European Union's largest investment in marine energy to date.

Minesto was founded in 2007 and has operations in Sweden, the Faroe Islands, Wales, Northern Ireland and Taiwan. The major shareholders in Minesto are BGA Invest and Corespring New Technology. The Minesto share (MINEST) is traded on Nasdaq First North Growth Market. Certified Adviser is G&W Fondkommission, email: ca@gwkapital.se,

telephone:
+46 8 503 000 50.
