Unibap: Additional order from Italian space logistics company D-Orbit valued at 376 KEUR

Unibap AB (publ) has today received a follow-on order from Italian company D-Orbit for hardware and software with a total value of 376 KEUR.

After several successful in-orbit demonstrations of Unibap's space-proven iX5 on D-Orbit's spacecraft, D-Orbit will now also deploy our most advanced solution, the iX10 edge computer, for a future space mission planned to be launched during 2025. Revenue for the delivery is expected during 2025.
