

MAVSHACK TO SPONSOR FPAC22

Mavshack will sponsor the 22nd annual Festival of Philippine Arts & Culture (FPAC22) for the second year.

Mavshack will join the thousands of supporters of FilAm ARTS for the eagerly-anticipated 22nd annual FPAC (Festival of Philippine Arts & Culture).

“The **22nd Annual Festival of Philippine Arts & Culture (FPAC)**, the largest and longest-running showcase of its kind in Southern California. The 2-day event includes live entertainment on two stages featuring comedian Rex Navarrete and the Filipino American Symphony Orchestra (FASO), along with hundreds more Asian entertainers, artists, food & business vendors, and an array of family fun activities”, stated Jilly Canizares, Executive Director of the FilAm Arts Association.

This year’s FPAC will be held on September 7-8 at Point Fermin Park in San Pedro, Los Angeles. The festival is expected to unveil the newest FilAm ARTS program, The Saysay Project, which aims to engage community members to share their stories, and to document and preserve these stories for future generations. “Mavshack is proud to sponsor this great event for the second year in a row and looks forward to presenting festival goers with free 24 hour and 30 day sample pre-paid cards”, said Jerry Lozano. “We distributed over 2500 cards in 2012 and had a terrific response to the Mavshack service,” stated Lozano.

FPAC is produced by FilAm ARTS - the Association for the Advancement of Filipino American Arts & Culture, a non-profit 501(c)(3) organization, and sponsored by the City of Los Angeles, LA County Arts Commission, California Arts Council, National Endowment for the Arts, California Community Foundation, Toyota, The Getty Foundation, LA-18, Mavshack, The Asian Journal, Weekend Balita, BakitWhy.com, Oishi Media, Toyota Automotive, The James Irvine Foundation, Western Union, and LEAP, Inc.

SAYSAY
PROJECT

We will unveil our newest program, **The Saysay Project**, which aims to engage our community members to share their stories, and to document and preserve these stories for future generations. "Saysay" (pronounced "sigh-sigh") is a Tagalog word with double meaning: to have intrinsic value and to declare. This project is uniquely ours and is an integral part of what **FILAM ARTS** represents.
