Eevia Health Plc receives a 191 KSEK / 16 KEUR sales order for a Bilberry extract product

Eevia Health Plc's ("Eevia" or "The Company") has received a 16 KEUR sales order from French distributor Natural Ingredients, for Feno-Myrtillus 36 organic, an organically certified bilberry extract,

Natural Ingredients is French distributor company located near Angers, in the Loire Valley. Their specialty is natural and functional ingredients for the food supplement industry. They operate in France and across the Europe.

The sales value to Eevia of this new order is c. KEUR 16 EUR. The product is Eevia's branded ingredient **Feno-Myrtillus® 36 Organic**, which is a highly concentrated and organically certified bilberry extract with 36% anthocyanins. Bilberry anthocyanins have shown clinical benefits for humans related to eye health and metabolic conditions, among other benefits. Eevia has a strong, sustainable, and socially responsible supply chain for berries harvested in the forests of Sweden and Finland.

The order is expected to be followed by further repeat orders in the future.

INFORMATION ABOUT EEVIA HEALTH PLC

Eevia Health Plc, founded in March 2017, addresses significant health problems with bioactive compounds extracted from plant materials. The materials are primarily wild harvested from the pristine Finnish and Swedish forests near or above the Arctic Circle. The extracts are sold B2B as ingredients to dietary supplements and food brands globally. These global brands utilize the ingredients in their consumer product formulas.

Eevia Health is a manufacturer of 100% organically certified plant extracts. Although a significant product, Elderberry extract, is made from cultivated berries, most of Eevia's other raw materials, such as bilberry, lingonberry, chaga-mushroom, and pine bark, are wild-harvested in a sustainable fashion.

Eevia Health operates a modern green-chemistry production facility in Finland. Manufacturing natural ingredients near the raw material harvest areas, Eevia offers a short value chain with an environmentally friendly carbon footprint, competitive pricing, and extreme transparency. Eevia listed its shares at Spotlight Stock Market in Sweden in June 2021, with the short name (ticker) [EEVIA](#).
