Seamless Distribution Systems

Press release
6 november 2026

The Board of Directors of Seamless Distribution Systems AB (publ) initiates a strategic review to maximize shareholder value

The Board of Directors of Seamless Distribution Systems AB (publ) ("SDS" or the "Company") has today resolved to initiate a process to evaluate strategic alternatives in order to maximize shareholder value. Within the scope of the review, the Board of Directors will evaluate various alternatives, which may include, among other things, a sale of the Company, structural transactions, or other potential transactions. To underline that operational activities and profitability improvements are progressing according to plan, the Company is today publishing certain preliminary financial information for the third quarter of 2026.

The Board of Directors has engaged Redeye, a leading Nordic investment bank focused on Tech, Industrials, and Life Science, as financial advisor to assist the Board in its review of strategic alternatives.

The Board of Directors has not established a timetable for the completion of the review. There can be no guarantees regarding the results or outcome of the Company's review of strategic alternatives. Subject to its ongoing disclosure obligations under applicable laws and regulations, SDS undertakes no obligation to make any further announcements regarding the evaluation of strategic alternatives unless and until definitive decisions have been made by the Board of Directors of the Company.

Preliminary financial information for the third quarter of 2026 in brief:

- Preliminary figures indicate that net sales during the third quarter of 2026 amounted to approximately SEK 38.5 million (SEK 35.3 million), corresponding to an increase of approximately 9 percent compared to the corresponding period last year.
- Preliminary profit before tax for the third quarter of 2026 is estimated to amount to approximately SEK 10 million, marking the Company's third consecutive quarter of positive profit before tax.

The information above will also be presented in the Company's interim report for the third quarter of 2026, which is scheduled for publication on November 12, 2026.

About SDS

SDS is a Swedish international software company specializing in mobile payment services for mobile operators, distributors, retailers, and consumers. SDS ensures that telecom operators can sell airtime, data, and value-added services, with SDS products and services handling up to 90% of telecom operators' sales. Today, SDS has implemented solutions within Fintech, advanced analytics, and retail value management, and these products have evolved into SaaS solutions for telecom operators.

SDS has approximately 180 employees in Sweden, South Africa, Algeria, Ghana, Nigeria, the United Arab Emirates, Pakistan, and India. SDS handles more than 15 billion transactions with a value exceeding USD 14 billion annually. Through more than 3 million monthly active digital product retailers, over 1,100 million consumers are served indirectly worldwide.

The SDS share is listed on NGM Growth Market.
