EYEON GROUP AB (publ) Announces Strategic Partnership with Point Wild to Expand Cybersecurity Offerings

EYEON GROUP AB (publ) Announces Strategic Partnership with Point Wild to Expand Cybersecurity Offerings

Eyeon Group AB (publ) has entered into a strategic partnership with Point Wild to resell its industry-leading Password Manager, further strengthening its cybersecurity portfolio. This collaboration underscores Eyeon Group's commitment to providing comprehensive digital security solutions for both businesses and consumers.

Point Wild is a global leader in online security, specializing in identity protection, privacy, and digital device security. With innovative and scalable solutions, the company serves over 25 million users worldwide, equipping them with cutting-edge tools to safeguard their digital lives.

"Partnering with Eyeon Group is an exciting step in expanding access to robust cybersecurity solutions," said Tom Serani, Chief Channel Officer at Point Wild. "Through Pango, our partner business, we enable companies to scale revenue with industry-leading, white-labeled cybersecurity solutions—helping them meet growing demand for digital protection."

Under this agreement, Eyeon Group will integrate Point Wild's Password Manager into its portfolio, making it available through its B2B and B2C sales channels. This partnership not only enhances Eyeon Group's product offerings but also aligns with its strategy to build a comprehensive cybersecurity marketplace.

"The collaboration with Point Wild is a key milestone in our vision of becoming a one-stop shop for cybersecurity solutions tailored to both individuals and businesses," said Fredrik Björklund, CEO of Eyeon Group AB. "By incorporating Point Wild's innovative Password Manager into our portfolio, we are reinforcing our commitment to delivering best-in-class security solutions to our customers."

This partnership marks a significant step forward in the cybersecurity space, ensuring that more businesses and consumers have access to the tools they need to stay secure in an increasingly digital world.
